

## **CHRONS DISEASE**

Similar to ulcerative colitis but more difficult to treat and cure. The underwriters' concerns remain in the degree of control, medication, amount & deterioration.

1. Any blood in stools?
  
2. What type of treatment is client on?
  - a. Diet
  
  - b. Medication-if so, what? (name & Dosage)
  
3. How often does client have attacks?
  
4. Is condition asymptomatic?
  
5. At what age was condition diagnosed?
  
6. Does client have any other health problems?
